Write Home To Mother.

Write a letter home to mother boys. She longs to hear from you. There's no love like a mother's love. None so pure and true. Her prayers for you are constant. For her there is no rest.

Love's flame burns bright Both day and night In every mother's breast. She cared for you in childhood.

As none but mother could. She shared your little troubles As no other would.

Must you then forsake her When her hair has turned to gray? She loves you still, as when a babe, As though 'twas yesterday.

Write a letter home to cheer her May each word be blessed. No other can be nearer.

She loves the black sheep best. Don't wait until to-morrow That may be too late;

She may be with the angels Beyond the golden gate.

A Genuine Hair Restorer.

Did you ever know of any hair preparation which would really grow hair and restore the color to gray or faded hair?

There are many preparations highly advertised to do the work, but it is probably your experience that none of them will really meet the claims of their manufacturers.

There are many so-called Hair Restorers which are nothing more than harmful chemical dyes, which do not grow any hair, the only result being that they dyed the hair, having no permanency and often causing a streaky appearance.

It has been the aim of the chemists for years to discover a preparation which would really grow hair and restore the color to gray or faded hair, but heretofore they have met with no success.

Prof. Rembler now claims to have discovered a combination of harmless vegetable composition which is a Genuine Hair Restorer and will grow hair and does not contain any dye of any kind, but will positively restore the natural color and brilliancy to gray and faded hair.

This is a very strong statement to make and if any chemist without the recognized ability and national reputation of Prof. Rembler were to make this claim we would be inclined to be skeptical as to its truth. It will be remembered by readers that are familiar with scientific discoveries that Prof. Rembler was the inventor of the one fire process for gilding glass and also the Rembler wireless Coherer. Any statement made by Prof. Rembler is entitled to consideration as he would not make any statements which were not true and would injure his established reputation.

The Siloron Mfg. Co. of Pueblo, Colo., have purchased the exclusive American rights to manufacture Sagine, as they have named Prof. Rembler's invention, after having made a six month's test of Sagine, and thoroughly demonstrating that it would positively do the work. The Siloron Mfg. Co. have authorized us to make the following remarkable offer to all who need a "Genuine Hair Restorer."

They will send a written agreement with every bottle of Sagine, to the effect that if one bottle of Sagine conscientiously used according to the directions does not give entire satisfaction to the purchaser; if Sagine does not actually grow hair and restore the color to gray or faded hair, remove dandruff and make the hair healthy and glossy, that they will pay the sum of \$5 to any dissatisfied purchaser.

This is the strongest offer ever made by any manufacturer and one they could not possibly make if they did not know positively from experiment that it would do exactly what they claim for it. No one takes any chance in buying Sagine as it is certainly worth \$1 to use a Genuine Hair Restorer that will grow hair, and if it does not give satisfaction they will pay you the \$5 as agreed. Send a \$1 bill to The Siloron Mfg. Co. Pueblo, Colo., stating that you wish to purchase a bottle of Sagine with the written agreement to grow hair and restore the color to gray or faded hair or pay you the sum of \$5 and it will be sent to you by express in plain wrapper.

The Siloron Mfg. Co. is incorporated under the Laws of the State of Colorado and refer you to the mercantile agencies or any Pueblo banks as to their ability to fulfill any agreement they make.
